PORTIONS DENIED AS INDICATED

Dear Sir:

The United States only has to benefit from the work of Per. Jim Jones in Guyana. This highly-acclaimed Project is a great link of friendship and goodwill between the United States and the Caribbean Nations. Such programs transcend - Political and Social differences, to build the kind of international cooperation which should always be welcome.

I encourage your strong support.

Yours respectfully,

E BL

CC: Asst. Secretary of State
Frank J. Munroe, Guyana Desk.
